## Work Experience

---

### **Aluminum Tig Welder**

Dynacraft a Paccar - McKinney, TX

October 2020 to Present

Weld aluminum fuel tanks for Peterbilt and Kenworth trucks.

Fix and repair bad welds or dents and scratches

Maintain my own equipment on job site

Polish and buff end products

### **Welder/Fitter**

Valmont Utility - Tulsa, OK

October 2017 to Present

Weld AWS codes and fit 5001 prints, metal core process, tight tolerances.

Plasma, torch cutting, mig, tig, stick

Fit bangs, bases, pipes, brackets, miter bases.

Weld 3/16"- 3" welds. Cjp, u-groove, v-groove, 1f-5f, 1-6g w-52

### **Welder Helper**

Kiewit - Cove Point, MD

January 2017 to April 2017

Carried leads, gas hoses and machines for my group of welders. Fixed gas leaks and frayed leads. Got the job in January and they laid off the welding crew I worked for... now I'm home and ready to start work here.

### **Welder/Fabricator**

Instafence - Rockwall, TX

March 2016 to August 2016

Built custom gates and installed custom fences from pipe fencing to iron rod fencing everything welded together. Only reason I no longer work is because the owner is giving up on the business so I'm moving back to Tulsa for schooling and work.
